

About the practice

Our Specialist Orthodontists have been straightening both adults and children's teeth for over 15 years. Our success has been driven by providing specialist care offering a wide range of treatments to perfectly suit our patients' needs. Using the latest technology, our state of the art facilities and highly trained staff helps to provide a friendly and efficient service.

We offer NHS and private consultations and treatments for teeth straightening. A whole range of aesthetic braces can be used, including ceramic (tooth coloured) brackets, aligners such as Invisalign which transforms your smile with clear, invisible, removable braces and lingual braces (braces that are bonded to the back of the teeth).

Appointments are available at times to suit you, including after school and in the evenings. To find out more about the services we provide, you can contact our Treatment Co-ordinator on; 01482 868449 / 07715039019 or you can fill in our online consultation form. We look forward to welcoming you into our practice soon.
